### Information Sessions

#### We welcome all providers to learn about Quality Counts and the Early Learning Performance Funding Project.

Based on ongoing national research on how to best equip all children with the tools needed for lifelong success, we have an exciting new opportunity to refine our system to better support the children in our community. This involves moving towards the Early Learning Performance Funding Project (ELPFP) model. Our new early learning quality improvement system aims to shift gears and better address the financial challenges of child care providers in low income/high need communities. To that end, the Quality Counts initiative is phasing out as we roll out a new initiative.

This informational session will address the following:

- Why is Quality Counts phasing out?
- Overview of the new initiative
- Timing for new system
