- L. Sanabria called roll and a quorum was established with fifteen (16) voting members.

- A. Alfonso introduced Laura Luder who has been retained by the Early Learning Children’s Foundation to support fund development efforts. A. Alfonso stated that the goal is to build the foundation’s board and circle of friends so it can fully develop the fund development efforts to support programs for the youngest and neediest children.

- A. Alfonso stated that E. Torres had brought to his attention a wonderful gesture made by the North Service Center supervisor and asked S. Gonzalez to share this story which represents how special the ELC and its staff are.

- A. Alfonso stated that in the packet there is a letter from Florida’s Attorney General Pam Bondi. The letter states Ms. Bondi’s legal opinion confirming that Florida’s booster seat law applies to child care facilities. This issue surfaced in the 2016 Legislative Session during the consideration of a very large Highway Safety bill. The exemption amendment was being pursued by a number of child care facilities to clarify in statute that they were specifically exempt from the booster seat law. The Pediatricians aggressively fought the issue and led the charge to defeat the booster seat exemption amendment, which was ultimately withdrawn from further consideration.

- A. Alfonso thanked Dave Lawrence and Vance Aloupis of The Children’s Movement of Florida for making the elimination of the School Readiness waiting list one of the top three priorities on their Movement 2020 platform.
• A. Alfonso stated that in the packet there is an article on child care providers graduating from training programs. 75 child care center owners spent the last 12 months attending workshops, classes, and lectures, and doing loads of homework, all the while learning how to establish, build and operate a successful child care program. A. Alfonso stated his support of this effort and thanked The Children’s Trust.
