Non-Compliance Description:

60-01 Documentation of Level 2 screening was missing for staff.

Comments:

The Child Care Development Block Grant Reauthorization of 2014 requires each state, including Florida, to certify that all child care personnel have been screened and are eligible to work in child care based on the new elements. To facilitate this certification, child care providers, nonprofit schools, religious exempt child care providers, public schools providing child care, day care homes must screen personnel to include all owners, operators, child care personnel, household members, substitutes and volunteers by September 2017. The screening must include level 2 screening, search of sexual predator and sexual offender registry, and child abuse and neglect registry of any state in which the applicant resided during the preceding 5 years.

The Department is asking Child Care Providers to begin scheduling rescreening in September 2016 for anyone that was screened prior to July 1st, 2016. Providers will have nine months to rescreen all required owners, operators, child care personnel, household members, child care personnel and substitutes. All rescreens must be initiated in the Clearinghouse and fingerprints must be submitted by a Clearinghouse compatible Live Scan vendors. It is extremely important that the initiation of the screening occur in the Clearinghouse prior to the arrival at a live scan vendor location. Failure to do so will result in the Department not being able to accept the results and the individual will have to be rescreened including the cost again. Please ensure the correct OIR number is used when sending an individual for fingerprinting.

Steps for completing rescreening:

1. Complete a search in the Clearinghouse prior to sending staff to a live scan provider for screening to determine:
   a. If the individual is found after a search, there is no prior screening in the Clearinghouse, select “Initiate Screening.”
   b. If the individual is already in the Clearinghouse, with a Clearinghouse screening available and a status of DCF Child Care Eligible, the individual does not have to go to a live scan vendor for fingerprinting again. Eligibility will be based on the fingerprints retained in the Clearinghouse. You may add the individual to your roster.
   c. If the eligibility indicates an Agency Review is required, you must select “Initiate Agency Review.” This is no cost to you as a provider.
   d. If there has been a break in service of 90 days, you must select “Initiate Resubmission.” You will receive an updated Florida Criminal History Public Record.
   e. Upon hire, becoming a household member, substitute, or volunteer, immediately add the individual to your program roster.

Important Note: All fingerprinting must occur through a Live Scan compatible vendor. Check the listing in the Clearinghouse prior to initiating and scheduling an appointment with a vendor. Fingerprinting from a vendor that is not Clearinghouse compatible cannot be processed by DCF for the purposes of a clearance for child care employment.

2. The fingerprint results from the Federal Bureau of Investigation will be returned to DCF via the Florida Department of Law Enforcement. DCF will review both the federal and state criminal history results, along with state criminal records, national sex offender registry, and the child abuse and neglect registry.

3. DCF will issue an eligible or non-eligible result for employment through the Clearinghouse upon completion of searches and results from other states, if applicable.

4. DCF will send a letter/notice to the employer advising of the search of the Florida’s child abuse and neglect registry.

5. The employer/owner/operator must conduct employment history checks, including documented attempts to contact each employer that employed the individual within the preceding five years and documentation of the findings.

6. The employer/owner/operator must conduct employment history checks, including documented attempts to contact each employer that employed the individual within the preceding five years and documentation of the findings.

7. The employer/owner/operator must conduct a search of the sexual offender/predator database in Florida via https://offender.fls.state.fl.us/offender/homepage.do, and any state the individual has lived in outside the state of Florida in the preceding five years. Visit www.myffamilies.com/backgroundscreening, click on the Out of State Abuse Registry Check link to obtain the instructions and forms to complete to submit the request for a search. Documentation of the date the search was requested, and the date the results were received, must be maintained in the employee's file for review by the licensing authority.

8. The employer/owner/operator must maintain on-site at the program copies/documented of completion of all applicable elements in the screening process for an individual in the personnel file for review by the licensing authority.

9. Failure to initiate the screening through the Clearinghouse prior to fingerprinting will result in invalid screening and the individual will have to re-screen and pay the fees again.

10. Immediately remove individuals from the program roster when employment terminates.

The failure of the state to certify compliance could result in the loss of funding to the state to support school readiness programs and their families.
