QUALITY INITIATIVES

Fiorella A. Christie, Vice President of Quality Initiatives
The Office of Early Learning, in cooperation with the Florida Department of Education, is directing Florida allocations from the CARES Act to contracted and non-contracted providers who need support to remain open or to re-open.

- **Questions/Concerns**
  - VPKTeam@elcmdm.org
Attendance Processing During COVID-19
Temporary Closures & Reopening

- Providers (whether open or closed) are still required to submit attendance as usual. However, the differences remains that if your center is open, you must submit attendance with recorded absences as usual.

- Recording absences due to COVID-19:

  For **School Readiness**, absences would need to be recorded with an “A” for absence and under the dropdown select the option of "Absence due to Disaster" and no documentation would be required.

  For **VPK**, absences would need to be recorded with an “A” as usual. Since these absences will contribute to “hours paid,” there will be no 80/20 calculations/adjustments or deductions during the effective period.

The Coalition will continue to pay providers for COVID-19 related absences through August 31, 2020.
Reimbursement Processing During COVID-19
Temporary Closures & Reopening

- We will continue to pay providers on schedule by the 20th of the month as usual.

- Parents Co-Payments (parents’ fees) will continue to be automatically waived through August 31, 2020. The Coalition will continue to reimburse providers at a 100% (without any deductions for parents copays).

- During the waiving period, providers are not permitted to collect these fees from parents. However, parents would still be responsible to pay for the provider’s rate differential.

- Referral enrollments for the Providers’ Bonus Program for serving children of eligible First Responders and Health Care Workers will be continued for new enrollments through July 31, 2020. Thereafter, the Coalition will continue to process bonus payments to providers for the term of the referrals for up to $4,000 per month and to a maximum of $12,000 per provider site. The Office of Early Learning (OEL) will provide a 30 days-notice prior to conclusion of the program.
Reimbursement Requirements During COVID-19
Temporary Closures & Reopening

- Please stay vigilant for any direct email communication from the Office of Early Learning (OEL) regarding:

  a) Completion of any “Closed Provider Online Questionnaire/survey.” The Coalition may not be authorized to pay non-responsive providers.

  b) Upcoming requirement for the beginning of the 2020-2021 VPK Program year.

- Uploading of Parental Sign In and Out sheets and VPK Long Form to the portal remains to be a contractual and program requirement.

Therefore, as a general rule, if your center is open, it is business as usual. We will continue to work with individual providers, and provide guidance to accommodate your Social Distancing protocols, address any concerns, and recommend adequate resolution to maintain program compliance requirements.
Reimbursement Processing for School-Aged Children During COVID-19 Temporary Closures & Reopening

- Under the School Readiness Program, the Children enrollment schedule with Care Level and assigned Unit of care *drives* the Attendance.

- For School-Aged Children, we have three different type of enrollment schedules each following the Public School District Calendars:
  1. Child attends one provider for After School Care and School Breaks & Holidays.
  2. Child attends a provider for Breaks & Holiday Only.
  3. Child attends a provider for After School Care Only.

- An After School Care provider has the functionality to change the Unit of Care from Part Time (PT) to Full Time (FT) before submitting attendance. However, according to FDOE, distance learning by the public school districts is considerate as an “*instructional day*” ([http://fldoe.org/em-response/distance-learning.stml](http://fldoe.org/em-response/distance-learning.stml)).

- The **2020-2021 School Year** for Miami-Dade begins on **Monday, August 24, 2020**, and for Monroe on **Thursday, August 13, 2020**.

  Therefore, the Breaks & Holiday **Full Time schedule** for the summer will end on **Friday, August 21, 2020** for Miami-Dade and for Monroe on **Wednesday, August 12, 2020**.
If you should have any question or concerns, please give us a call.
