Local Early Learning Coalitions (ELC) and R&R Service Providers are required to implement and enforce these procedures.

I. Policy
Local Early Learning Coalitions/R&R Service Providers must record and process all complaints from any source and lodged against any person, agency or organization according to the procedures specified below:

♦ All complaints will be recorded on the approved form and retained in a complaint file for a minimum of five years.

♦ Coalition/R&R will process complaints against providers according to these policies and procedures without regard to whether or not the provider is subcontracted with the agency to provide subsidized early care and education services.

♦ Complaints which are not required to be reported to the abuse hotline or licensing but which might benefit from technical assistance may be handled by Coalition/R&R and/or other staff or an outside source as is appropriate to each situation and in accord with contractor policy. Coalition/R&R has the responsibility to provide technical assistance, to the extent possible, to all legally operating providers to help resolve complaints.

♦ Abuse/Neglect complaints or complaints which pose an immediate health and/or safety risk will be reported within the hour to the Florida Abuse Hotline and/or the licensing authority (by phone and/or FAX with paperwork to follow). All other reports will be processed within 2 working days, (i.e. a Friday Report will be processed by Tuesday the following week).

♦ In counties where DCF does not have licensing authority, the same policy and procedures apply but are reported to the local licensing agency.
