

### Questions and Answers

#### RFQ2020-125 Trainings and Professional Development for EHS

Please be advised all questions are keyed as submitted.

1. For the response to this RFQ, pricing would vary depending on topic, location, and length of training. When a specific training is requested, we could provide specific rate for that training. Please provide guidance on how you would review cost for these general training services?
  - A. Please state that the pricing varies, but give the average hourly rate charged for a training. If hourly rate varies per topic, then please provide a grid with the average hourly rate for the different topics.
