RFQ #2018-67 Parenting Journey Facilitator Training

Please be advised all questions are keyed as submitted.

1. Regarding the requirement that the contractor shall provide 25% of in-kind services, if we state that the total cost would be \$22,000, would we then need to identify an additional \$5,500 in in-kind services? Or if we say the total cost is \$22,000, would ELC only pay \$16,500? How do we document the in-kind services?

A. The vendor would decide which way they want to do the in-kind. If they say the total cost is \$22,000, that is what we will pay them; they have to explain how 25% of in-kind will be provided.
